X _____

Prizes awarded at year end will depend on the number of entries and income received. We will try to do first and second place saddle for each age group but it will depend on entries and sponsorships received.

Arena judge will be responsible for all decisions of DQ's, reruns, etc. Any disputes of judge's decision must be made before rider leaves the arena for that event. Judge's decision is final. Day sheets will be available by the end of the day and point placings must be disputed that day. Points will be posted on the website within one week after the event and any discrepancies must be disputed within one week after posting.

All contestants are responsible for paying the county for the use of stalls and RV hook ups.
