New Mexico 4-H Rodeo

Rule Book

The New Mexico 4-H Rodeo Rule Book has been developed and adapted from similar rodeo rule books by Susan L. Holder, Former Interim Program Leader, 4-H and Youth Development. Revised by Steve Beck, Department Head; and Craig Painter, State 4-H Agent, for the New Mexico 4-H Youth Development Program.

The State Rodeo Committee is an advisory board and is responsible for putting on the Finals Rodeo only. Each county will be responsible for seeing that the rules herein are enforced.

In interpreting and making decisions within the scope of the rules in the New Mexico 4-H Rodeo Rule Book, decision will be made based on the best interest of the contestants.

SANCTIONED RODEO AND FINALS POINT SYSTEM

Point system for New Mexico State 4-H sanctioned rodeo and final will be as follows:

EVENT

Placing Points

1	10
2	9
3	8
4	7
5	6
6	5
7	4
8	3
9	2
10	1

The 10-point system will be used regardless of the number of contestants.

A contestant may carry points from 10 rodeos to the finals.

Contestants must declare which 10 rodeos they are using for finals points when they enter the rodeo. They **MAY NOT** change the rodeos once they have entered them. Contestants can enter and compete in all the 4-H Rodeos but only the 10 they declare will count toward the finals.

Contestants may compete in more than their 10 declared rodeo; however, the undeclared rodeos will not count toward the finals and year end awards or into the overall State Finals Rodeo standings. Any points won at undeclared rodeos will only be applied for day and/or weekend prizes **ONLY**. Additionally, the contestants who declared the rodeo and placed in an event, will receive the points of the undeclared contestant, thus moving their overall placing points up and replacing the position of the undeclared contestant. Example: if an undeclared contestant places first and a declared contestant places second, the declared contestant would receive the 10 points allocated for first place toward finals.

Contestant must compete in a minimum of three rodeos to enter the finals and have received at least one point in each event competed in, to participate in those events at the State 4-H Rodeo Finals. There will be no call-ups.

In case of a tie for last position, all contestants tied will be eligible to attend. There will be two full go-rounds at State Finals.

For the Finals, a contestant can carry in 100 percent of the total points possible from all of the sanctioned rodeos for each event and the all-around. Points from all events earned throughout the year count toward all-around.

STATE 4-H RODEO FINALS POINTS

The State 4-H Rodeo Finals awards additional points for placings in the aggregate of both performances. The additional point system provides an incentive for contestants entering the finals, by providing them an opportunity to remain competitive for year-end prizes. The aggregate point system allows them to earn additional points at the finals for placing higher in the aggregate and applying those points to the points carried into the finals plus go round points.

Points for each go are figured the same as for a regular season rodeo; the aggregate is based on a half point system.

Explanation of chart for the finals:

1. The contestants receive times, placings, and points in the 1st go and 2nd go for their events.
2. Times from the 1st go and 2nd go are added together to get the total Time of Score.
3. The total Time or Score is then placed 1-10 with 1 being first place. This will determine the aggregate placing.
4. The placings (1-10) from the aggregate Time or Score are then given additional points for the Finals Rodeo Total.

Example:

Aggregate Points by placing.

1st	20.5
2nd	19.0
3rd	17.5
4th	16.0
5th	14.5
6th	13.0
7th	11.5
8th	10.0
9th	8.5
10th	7.0

5. The Finals Total is then added to the contestants carry-in points total from the sanctioned rodeos.

Suggested Payoff Schedule:

PAYOFF SCHEDULE

3 contestants:	Winner take all
4 to 8 contestants:	60% - 40%
9 to 12 contestants:	50% - 30% - 20%
13 to 19 contestants:	40% - 30% - 20% - 10%
20 to 35 contestants:	30% - 25% - 20% - 15% - 10%
36 and up contestants:	29% - 24% - 19% - 14% - 9% - 5%

With only one qualifying, winner take all. With only two qualifying, 60% - 40%, three qualifying, 50% - 30% - 20%, four qualifying, 40% - 30% - 20% - 10%, five qualifying, 30% - 25% - 20% - 15% - 10%.

Payback at Finals will be as follows:

30% each go plus 40% for average.

All sanctioned rodeos will pay back 100% of entry fee money.

Payback will be within 10 days following the final performance of rodeo.

Ground money will only be paid in an event in a go-round when no one qualifies.

State 4-H Finals Rodeo (Rules which apply specifically to the Finals Rodeo)

1. All contestants must enter and compete in the Finals Rodeo in order to qualify for end of year awards and standings. The only exception will be if a contestant is unable to compete at the Finals Rodeo due to a physical injury and has a doctor's release, and only then will a contestant still be eligible for year end awards and a refund of ONLY the event entry fees and stock charges.
2. A contestant is not officially entered in the Finals Rodeo until entries are paid to the Secretary before the First Go starts.
3. Contestants must be in appropriate western attire as set forth in this rule book whether competing or receiving awards, etc.

4. If contestant turns out of an event or doesn't compete in an event (regardless of reason) once a rodeo has started, they will remain eligible in their remaining stock or runs with the knowledge that no refund or entry fees shall be made.
5. Contestants must be present at the year-end awards banquet to receive their award(s). Failure to be present will result in forfeiture of award(s). The award(s) will be given to the next contestant in line. The only exception will be at the State Rodeo Board's discretion with a minimum of five board members meeting to make the decision.
6. At least three (3) contestants must be qualified in an event and at least three (3) must compete in the 4-H Rodeo finals in order for Year End Prizes to be awarded. If less than three (3) are either qualified in or compete in the 4-H Rodeo finals, then a year end buckle will be awarded to 1st place and the prize line will continue on down.

Go round event winners will be determined by the fastest time. If a tie occurs, a flip of the coin will determine the winner.

Event winner for finals will be determined by the fastest combined time of the go rounds. If a tie still exists, the most money won will determine the winner. If a tie still exists, that winner will be determined by a flip of the coin.

Finals All Around winner will be determined by total points earned at the Finals. If a tie exists, then the fastest time in a common event will be used to determine the winner. If there is no common event, then the winner will be determined by a flip of the coin.

Year-end event winner (or aggregate winner):
Flip of coin. There is no way a single time from one rodeo can be used to break an 11 rodeo tie. Unless all times in a common event are available to compare, then fastest combined time on all rodeos win.

**Year end aggregate winner for age group:
(Novice, Junior, Senior)**
Flip of coin.

7. Due to timing restraints at the Finals, stock draw may be conducted at any time but posted no later than one-half hour before performance at arena. **(APPLIES ONLY TO THE FINALS.)**

All rules hereafter apply to all sanctioned 4-H Rodeos and Finals Rodeo.

ALL AROUND

At the end of the rodeo, the contestant's points won in each event will be totaled to determine the all-around.

At all sanctioned rodeos, contestant must place in two or more events to qualify for the all-around at that rodeo.

A contestant may have accumulated points in more than four events, but will still be limited to entering four events at the Finals. However, all points accumulated will count toward year-end.

Additional rules:

There WILL NOT be any duplicate awards presented at the State 4-H Finals Rodeo due to a tie in points. If a tie should occur, the following system will be used to break the tie:

Event Winner:

The times from both days are added together to determine the winner; if a tie occurs, the fastest time in that event would be used to break the tie. If still tied, then the most money won will be used to determine the winner. If there is still a tie, then winner will be determined by a flip of coin.

Weekend All Around:

This would use fastest time in common event; if no common event, flip of coin. Explanation: an event that both contestants have competed in that day or weekend.

- 1) That in the event of a tie of an all around award, the fastest time or highest score will be used to break the tie using the common event(s) that said contestants competed in. If another tie occurs, go to rule #2.
- 2) Most money won in that event at the State 4-H Finals Rodeo will be used to break the tie. If another tie occurs, go to #3.

- 3) A flip of a coin will be the final decision to break the tie at the State 4-H Finals Rodeo. This will occur with both contestants and State 4-H rodeo Board members present.

TIMED EVENT STOCK

Where conditions permit, all timed event stock shall be run through event chutes and through arena previous to start of contests.

DRAWING TIMED EVENT STOCK

1. It is recommended that calves be cut into groups that match the events and the contestants' ages. These calves will be used in the same events throughout the entire rodeo. Calves may be used in more than one event.
2. All stock is to be numbered and drawn for by number.
3. All stock in contest events must be drawn by number by a judge.
4. There must always be as many as four exact copies made of the draw: one to be posted, one copy for each judge, and one or more copies for the secretary's records.
5. Receptacle containing numbers to be drawn must be held above the drawing judge's head and receptacle shaken between each number drawn.

6. Drawing must be conducted so that any contestant may witness the draw. The draw must be posted on the bulletin board or at the chutes.
7. In case stock is sick, crippled or already shipped, a replacement will be drawn from rerun animals. The contractor must have the consent of judges and arena directors to remove any stock from the grounds. If an animal drawn in a pen in a timed event becomes sick or crippled before it is out that time, a judge must pass on the animal's inability to be used before it can be skipped or replaced in the draw.
8. No pens of stock may be drawn for more than one go-round in advance.
9. Pens of stock shall be drawn by the judge and secretary shall provide judge with an exact copy of the draw.

14. In timed events, no drawn stock can be held over from one performance to the next, or held overnight.
15. When calves are not fresh, reruns will always be drawn from the whole herd used in the draw, not from those calves that are missed.

16. When calves are fresh, reruns will be drawn from missed calves when reruns amount to less than ten percent (10%) of the contestants entered at the rodeo. These reruns will be drawn from calves which are missed for that go-round up to the performance that ends the go-round, provided there are enough of these calves.
17. If there are not enough calves which are missed in that go-round up to the performance that ends the go-round, the reruns will be drawn from all calves being used except for any drawn for the performance that ends the go-round.
18. All cattle in the draw will be run one time before any cattle will be run twice. When due to a split performance this procedure becomes impossible, the draw will include cattle remaining that have been run the least number of times. Immediately after a split performance, the draw will then revert to the cattle that have been run the least number of times. In case of reruns, all cattle in the draw will be run one time before being run twice. Any animal drawn and not competed on shall be considered run, and if there are no reruns, animal shall be used for first extra.

 - a. All stock shall be put back in the draw box and all redrawn.
 - b. If three head or less are misdrawn, first draw positions for misdrawn stock one through three. Then place all stock numbers back in the draw box. Then draw stock for first contestant on the list who had a misdraw. He keeps the number. The contestant who had that number

takes first number of stock on the misdraw stock position list, and so on until all first draws are corrected.
